

TAILORED PORTFOLIO PROJECTS SELECTION

Selected Projects for Bamboo Works (AI & Automation Intern (Remote))

1. Adaptive Blended Assessment System

- *Tech:* Python, Machine Learning (Random Forest), Data Analysis
- *Relevance:* Demonstrates automated data pipelines, machine learning logic, and automated report generation.

2. Eco Sentinel --- AI & Data Pipeline

- *Tech:* Python, AI Workflows, Data Analytics
- *Relevance:* Demonstrates automated data ingestion and monitoring dashboards.

3. Baki --- Conversational AI Assistant

- *Tech:* Python, Natural Language Processing, Workflow Automation
- *Relevance:* Direct match for AI-driven interaction and query resolution.

4. Technova Shop & Internal UI/UX System

- *Tech:* Figma, HTML5, CSS, JavaScript, User Flow Prototyping
- *Relevance:* Demonstrates ability to design clean internal tools and user dashboards.
